

## North American University Affiliated IPT Training Opportunities\*

Individuals interested in securing IPT training in the form of workshops and/or longitudinal supervision from university affiliated faculty can contact faculty members directly. Community based IPT supervision is also available. Those wishing to become IPT researchers are encouraged to seek training from supervisors who have conducted research in specifically aligned adaptations or with specific patient populations.

(To email supervisors, simply place your cursor over their name and simultaneously click your mouse and press the CTRL tab on your keyboard).

North American university affiliated IPT trainers or sites not included on this list can contact [pravitz@mtsinai.on.ca](mailto:pravitz@mtsinai.on.ca) to be listed.
